stant, one hundred miles southeast of Brazos Santiago, the ship being disabled by a strained shaft. The Maristow is bound from Vera Cruz to Galveston, consigned to Fowler & McVeele of the latter port. They come here to wire to Tampico for assistance.

The men were very much exhausted with their six days exposure in an open boat and were soon off to bed and sound asleep after reaching shore.

J. F. Stork suggests castor beans as a remedy for boll weevil. He says the crop needs no cultivation, will grow anywhere, stock will not bother it; the plants will yield from 30 to 50 bushels to the acre, and the beans are worth $1.40 a bushel. He declares the plants grew so big and tall in his yard last year that the children climbed them and played among the branches. Besides, he says that is one sure crop the boll weevil won't eat.

Mrs. Mabel Conklin, a lady lecturer of international reputation, has been engaged for a series of twelve lectures by the K. R. Y. M. C. A. of this city, and her managers, Mr. and Mrs. King, are in the city and will remain a few days making arrangements for the lectures. Mr. King will visit the business men, while Mrs. King will visit the club ladies. Mrs. Conklin is a club woman of considerable note, and is being received enthusiastically all over the state.

VEGETABLES.

All varieties of vegetables grow here in the greatest abundance all the year round. There is no season when the city markets do not contain vegetables fresh from the gardens. As early as January people here feast on lettuce, radishes, salads, cauliflower, etc. Cabbages, peas, snapbeans, frijoles, onions, etc., all come in the greatest abundance just a little later, to be soon followed by delicious tomatoes,

North pole, has found land there, and is now returning towards civilization. In April last the Figaro of Paris circulated a rumor that Dr. Nansen had found the North pole and that it is situated on a chain of mountains. It was added he had planted the Norwegian flag there. The story was generally regarded as without foundation. On September 17, last year advices received at London from a Danish trading station of Angmassalie on the east coast of Greenland that a ship supposed to be Dr. Nansen's had been sighted at end of July stuck fast in the ice.

The new treaty, which goes into effect next Monday, will do away all delays of mail except that for small towns.

After the date mentioned all matter will be forwarded in sealed pouches to the various cities, and the duty, if any, will be assessed and paid at the post office of delivery, thus letting the mail go through the border

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.
